

Women Game Jam 2018

Motivation:

- To gather women from different backgrounds to work together as team on developing games.
- Any women interested in the idea of women in technology can participate and is encouraged to be part of this event.
- We need diversity in games industry and so as diversity in game ideas.
- To encourage young girls there will be workshops for them to learn about game development in general.
- Explore the potential of game industry and career paths.
- Get to know the professional women out there in industry.
- Mentoring of young girls.

We are pleased to announce an event dedicated to only women interested in making games.

The Women Game Jam is targeting any women with any background or age interested in developing games together as a team. To improve diversity in games industry and game ideas itself. Let's team up to encourage other young women, to take a step ahead and follow their passion.
