Instructions:

*Financial support from the Students Council must always be considered as **funding for in the case of losses**. For projects with annual funding, the end of the financial year shall be regarded as the end of the event.*

If preliminary funding is required, this shall be treated as an interest-free loan that shall become due for repayment 4 weeks after the end of the project or event until it is settled with the Spokesman on Finance of the Students Council.

*When this settlement is made, the required amount of the funding in the case of losses must be ascertained and the remaining amount of the loan must be returned to the Students Council **within 4 weeks**.*

We can only pay the funding amount if the statement (for which copies of receipts and invoices shall be accepted) has been submitted to the Students Council no longer than 14 days after the end of the project or event. In exceptional cases we require a written request containing detailed reasons to be submitted to the Spokesman.

We shall not approve any funding applications for projects that aim to acquire or result in the acquisition of credit points in any way.

- I have read and agree with the content of the instructions.*
